Repeal Breed-Specific Legislation

(“BSL”) in Ontario NOW! Dog owners want Responsible Dog Ownership bylaws in their communities, not regressive, discriminatory legislation that targets a certain “type” of dog. Ontario dog owners do not want their dogs profiled, nor do they wish to continue to be treated like third class citizens. Breed-Specific Legislation is a global failure on all levels. Remove the breed-specific portions of Ontario’s Dog Owners’ Liability Act **TODAY. Support Bill 40.**
