

TO:
Ontario Premier Doug Ford

FROM:

ADDRESS:

Have a Heart, Premier Ford.

Breed Specific Legislation (BSL) is regressive and discriminatory, as well as being ineffective and costly to taxpayers.

Communities are calling for Responsible Dog Ownership bylaws, modelling those of Calgary, Alberta. Please support Bill 147, a Private Members Bill put forward by MPP Rick Nicholls. Bill 147 will see an end to breed discrimination and the targeting of responsible dog owners based on the physical appearance of their family dog. Governments across the globe are now repealing BSL in favour of safer, kinder communities for all. In 2020, support Bill 147 and remove the breed specific language from Ontario's Dog Owners' Liability Act and Animals for Research Act.
